

Warren, Kefauver Win In California Close Race In S. D.

Both Winners Get More Than 2 to 1 Margin of Victory

SAN FRANCISCO (AP)—Republican Gov. Earl Warren and Democratic Sen. Estes Kefauver captured California's big delegations to the national conventions with better than 2 to 1 margins today.

Both victories over uncommitted states in yesterday's heavy voting surprised primary came as no surprise. There was possibly wide significance, however, in the double rebuff suffered by Truman Democrats.

Warren Gets All Delegates

Warren won all 70 GOP delegates to back his quest for his party's nomination. He defeated a pro-Taft slate technically pledged to Rep. Thomas H. Werdel, who quarreled with the governor's espousal of progressive policies.

Tennessee's Kefauver bowled over a "free choice" slate of 68 Democratic delegates headed by Atty. Gen. Edmund G. Brown, but originally organized to support President Truman.

Returns from 12,137 of the state's 19,730 precincts gave Warren 528, 768, Werdel 240,264.

On the Democratic side with 12,043 precincts reported Kefauver had 574,039; Brown 244,220. Republican Sen. William F. Knowland delivered what may be taken as another slap at the administration by sweeping both party nominations for reelection under California's crossfiling system.

Anti-Fair Dealer Wins

California's 44 year old senior Senator, an outspoken foe of Truman's foreign and fair deal programs, trounced Democratic Rep. Clinton McKinnon of San Diego, a Truman supporter, on both tickets.

Both entered on each other's ticket. Knowland was appointed by Warren in 1945 to succeed the late Sen. Hiram W. Johnson, only other senatorial candidate to score a double victory in a California primary.

The senatorial vote: Knowland, best known for his advocacy of greater aid for Nationalist China, said in a statement: "The grave problems confronting us, domestic and foreign, cannot be satisfactorily solved under the Truman administration which, I believe, has lost the confidence of the nation."

Werdel, second-term congressman, had told the voters: "Support my slate if you're for Taft, Eisenhower or MacArthur" for President.

Warren has never lost. Warren, who's never been beaten in a state election, charged at the windup of the heated GOP campaign that a small band of party enemies spent a half million dollars to defeat him.

Werdel, in conceding the election said that "in view of the huge number of Republicans voting against Mr. Warren, he should seriously reconsider the pro-New Deal policies that prompted them to turn away from his leadership."

Benson Resigns As Principal Of Smith-Cotton

Joseph F. Benson, principal of Smith-Cotton High School since 1941, resigned his position here late Tuesday evening to accept a similar post at William Chrisman High School in Independence.

Benson, a graduate of Northwest Missouri State Teachers College in Maryville, came to Sedalia in September 1935.

He served as assistant football coach at Smith-Cotton from 1935 through the 1938 season, taking over as head coach, replacing Don Davenport, in 1939. He was head grid mentor during the 1939 and 1940 seasons.

Benson, his wife and two children live at 1615 West Third.

He will assume his duties in Independence July 1.

Take Short Cut To Get Decision On Redistricting

JEFFERSON CITY (AP)—They have decided on a shortcut to get a quick decision from the State Supreme Court on Missouri's tough congressional redistricting quarrel.

Meanwhile, the Missouri Farmers Association case attacking Republican referendum petitions is virtually shelved in circuit court here. Attorneys for both sides agreed to divert their full attention to the key test in the Supreme Court.

Here, briefly, is the way it works:

They decided yesterday that the big question is the deadline for filing referendum petitions. The MFA said the deadline passed last April 22. The Republican sponsors of the referendum said they still have lots of time, until July 29.

That's the question that Circuit Judge Sam C. Blair will work on immediately. And no matter what he decides his ruling will be appealed to the Supreme Court to get the last word.

25-County FHA Meeting Here Today

State Officials Of Farm Program Conduct Sessions

Stephen C. Hughes, state director for the Farmers Home Administration, Columbia, along with other state officials, including Jen L. Ingerson, chief of the farm ownership section, J. O. Martin, chief of the operating loan section, A. B. Mussman, general office manager, Miss Mary L. Johnson of the home management section, and Arthur I. Stanley, area field representative, met in conference Wednesday at the Pettis County office of the FHA with the supervisory and office personnel from the 25-county west central Missouri area.

In opening the conference, Mr. Hughes pointed out that the policy of FHA for the fiscal year beginning July 1, 1952, so far as Missouri is concerned, would be to continue to extend the services available through FHA to eligible farm families to enable them to make such adjustments in their farming operation so that those families could carry out a progressive farm and home program which will be in line with practices carried out by recognized successful farmers in the county.

Mr. Hughes further stated that in a recent conference in Washington, with congressional and national farm leaders, he was greatly impressed with the high regard these leaders had for the type of program and job that the Farmers Home Administration is carrying out and fully in accordance with the federal laws authorizing the functioning of the FHA within the U. S. Department of Agriculture.

Other members of the state staff appeared on the conference program and lead in discussions on the phases of the FHA program for which they are responsible.

The conference being held here in Sedalia is one of several that are being held throughout the state in the five administrative areas.

Beatrice Foods Sales Ahead, But Not Profits

CHICAGO — Sales of Beatrice Foods Co. for the first two months of the company fiscal year which began March 1, 1952, were 3.3 percent ahead of the same period in 1951 but profits before and after taxes were down slightly, William G. Karnes, new president of the company, told stockholders at the annual meeting and luncheon at the Palmer House.

Looking toward the future, Mr. Karnes told stockholders that the possibilities of the dairy industry for future growth are practically unlimited if the per capita consumption of dairy products in some European and British Commonwealth countries is used as a criterion.

There are no less than ten foreign countries, he said, that consume more dairy products per capita on a milk equivalent basis than the United States. For the year 1950, the per capita consumption of milk in Ireland, which heads the list, was almost double the 76 pounds per capita consumed in the United States.

In addition to Ireland, New Zealand, Sweden, Finland, Canada, Norway, Switzerland, Australia, Belgium and, most surprisingly, the United Kingdom. The British people in 1950 consumed in milk equivalent, 100 pounds more dairy products per capita than the United States.

Body of Second Dead Miner Removed Today

IRONWOOD, Mich. (AP)—The body of the second man killed in the cave-in Monday which trapped five miners in the Penokee Iron Mine, was located today by trenching rescue workers.

Yesterday afternoon three miners were reached and walked unaided from the shaft. Later the body of Jerma Olkonen, 36, of Ironwood, was discovered lying beside his machine.

Crewmen completed the search when they discovered the body of Serfin Zacharewski, 36, of Ironwood. It will take several hours to hack through the earth and rock that shroud the body before removal can be completed.

Troops, Tanks, Raid POW Pens, Bring Out Defiant Red Leaders

KOJE ISLAND, Korea (AP)—American infantrymen and tanks today knocked down and burned Russian, North Korean and Chinese flags in three Communist prisoner-of-war pens, then hauled out unruly prisoners leaders.

Not a shot was fired. The Reds submitted meekly although only a few hours earlier they had boasted they would "fight to the death."

The smartly-executed one-two punch at Communist prisoner disobedience destroyed all Red banners that flew today over this once riot-torn island. But camp authorities expect more may appear tomorrow.

Seventeen anti-Communist prisoners, their hands bound, were rescued from one compound.

The soldiers marched 75 other POWs out of a second compound. The group included five Red leaders and possibly some anti-Reds.

A few tear gas grenades were thrown as the American soldiers rushed into the barbed wire enclosures. Later they destroyed POW guard huts with flame-throwers.

Troops of the U. S. Second Division's 38th Regiment executed the operation. Their commander, Lt. Col. William F. Kernan, San Antonio, Tex., commented:

American MP Shot In Berlin

U.S. General Calls Action "Barbaric" Violence; Today Has Break In Blockade

BERLIN (AP)—An American military policeman was shot and wounded by an East German police border guard on the outskirts of Berlin today.

Maj. Gen. Lemuel Mathewson, U. S. commander in Berlin, immediately denounced the shooting as a "barbaric and unscrupulous violence by police under Soviet control." He demanded the Russians "severely punish the offender."

A bullet pierced the military police jeep and wounded the driver in the leg. The engine also was damaged.

Without Warning

The shooting occurred "without warning or provocation," while the Army vehicle was on routine official patrol on Machevow Strasse near the U. S. sector-Soviet zone boundary, Gen. Mathewson said.

Earlier today the Russians had mysteriously relaxed half of their 2-way blockade of Allied military patrols on Berlin's lifeline autobahn, allowing one east-bound American military police jeep to travel the 110-mile route from West Germany to Berlin but turning back both American and British jeeps when they tried to make the trip westward from Berlin.

This first break in the 10-day blockade was just 24 hours after the British had laid bloodless siege to the Communists' Radio Berlin building in the British sector.

In a letter concerning the shooting Sergei Dengin, Soviet political chief in Berlin, Gen. Mathewson declared:

"I protest in the strongest terms this latest example of barbaric and unscrupulous violence by police under Soviet control. I have had similar occasion in the past to remind you that the Volkspolizei (People's Police) have no jurisdiction over members of the U. S. occupation forces and I renew that reminder now."

"Also on more than one occasion in the past I have denounced the use by East Zone officials of naked and extreme force entirely disproportionate, from any civilized viewpoint, to the alleged misdemeanor it was intended to correct, and I renew that denunciation."

"I expect immediate assurances from you the guilty policeman has been severely punished and that such deplorable incidents will not occur in the future."

The wounded soldier's identity was not disclosed pending notification of his next of kin.

It was the first American casualty in the Berlin crisis, growing out of Soviet efforts to frighten West Germany from ratifying its military and political alliance with the West.

BERLIN (AP)—The Russians mysteriously relaxed half of their 2-way blockade of Allied military patrols on Berlin's lifeline autobahn today—one day after the British had laid bloodless siege to the Communists' Radio Berlin building.

Taciturn Russian guards let an east-bound American military police jeep travel the 110-mile route from Western Germany to Berlin after a 10-day ban, but turned back both American and British jeeps which tried to make the trip from Berlin to the West.

American officials, recalling a previous 7-day blockade on the patrols which started without warning May 8, declined to speculate whether it was really off again. They planned to test the blockade again tonight. The patrols assist any Allied vehicles which may have breakdowns on the autobahn.

Pope Has Influenza

VATICAN CITY (AP)—Pope Pius XII is suffering from an attack of influenza and fever, an official Vatican press office bulletin said today.

The late Lt. Gen. N. N. Burdenko, one-time chief surgeon of the Red Army, headed a special Soviet mission in 1944 which officially blamed the Germans for the Katyn massacre.

But two years later, the physician told Olschansky: "Our NKVD secret police friends made a mistake in murdering the Polish officers."

And, he added, he "didn't have any doubt from the beginning that it was one of the Soviet tricks."

Concluded Olschansky: "He would have lost his head if he had not signed the report."

Moscow has stood by the Burdenko report. Soviet officials have refused two invitations to testify before the group.

Col. Iván Yezov described today how military attaché reports were handled in 1942, when he headed the Eastern European section of U. S. military intelligence. It was in that year that the first report on Katyn was filed by an American liaison officer attached to a Polish army being raised to fight with the Allies.

Nine Criminals Back In Cells After Strike

TRENTON, N. J. (AP)—Nine hardened criminals were back in their cells today in the New Jersey State Prison, their sitdown strike at an end.

Col. Lincoln Tells of Bids On SAFB Jobs

Contracts to be Let Soon Will Amount To Several Millions

Col. L. J. Lincoln, of the U. S. Army Corps of Engineers stationed at the Kansas City District office, was the principal speaker at a joint meeting of the Sedalia Chamber of Commerce and Sedalia Lions Club Wednesday noon.

He spoke on the activities of the Corps of Engineers, both civilian and military, and also incorporated information of interest regarding the Sedalia Air Force Base at Knob Noster.

In his talk he explained the 22 million dollar rehabilitation of the SAFB and of primary work now in progress and work for which bids will be let. He also explained three bids are to be let this month, those for the airman dormitories, and new concrete runways which will run into several million dollars, and other smaller projects. He stated other contracts are being prepared to be let the early part of July and all contracts are anticipated to be ready and let before September.

Col. Lincoln also announced Col. John S. Davis, who was the first project engineer under the present program, has been called back into active duty with the Corps of Engineers and is now in Washington, D. C. He has been replaced by Edwin A. Schmidt.

The full text of Col. Lincoln's talk will appear in the Democrat Thursday.

The speaker was introduced by Jack Cunningham, president of the C. of C., who was introduced by the Lion program chairman, Don King.

Guests were: Major A. M. Bobbitt and Major Wallace Jameson of the SAFB, George H. Sterritt of Kansas City, Tom Havens of Kansas City, Emil Seivers, William F. Wright and Charles M. Scruton, the latter who served in the Corps of Engineers and was with the engineers in Ft. Sam Houston, Tex., at the same time Col. Lincoln was with the Third Engineers.

Col. Lincoln and Scruton recalled many old friends of the early days in the Engineers during a visit after the meeting.

W. B. Rich, Maurice F. Hogan, Philip McLaughlin, T. A. Hurley, Austin Hurley, Robert S. "Bob" Johnson, Guy Peabody, and several others whose names were not recorded, were also guests.

President Harold Seaberg presided over the meeting. He announced a joint meeting of the old and new officers of the Lions would be held on June 10 when the new board of directors will be organized. The meeting is to be held at the cabin of Kenneth Buchholz, near Beaman.

Soviet Officer Says Russians Did Massacre

Former Physician To Stalin Tells Of Katyn Slayings

WASHINGTON (AP)—House investigators heard a cloak-and-dagger tale today of a Russian official—once personal physician to Marshal Stalin—suppressing the facts of the Katyn massacre because he feared for his own life.

The tale was unfolded by Boris Olschansky, a former Red Army major who appeared voluntarily before a special House committee investigating the massacre of 4,000 Polish officers at Katyn Forest in Russia.

The Russians accused the German of the slayings; the Germans accused the Russians. Olschansky said the Russians were to blame. And he told this story:

The late Lt. Gen. N. N. Burdenko, one-time chief surgeon of the Red Army, headed a special Soviet mission in 1944 which officially blamed the Germans for the Katyn massacre.

But two years later, the physician told Olschansky: "Our NKVD secret police friends made a mistake in murdering the Polish officers."

Thousands Greet Ike In Hometown Today

Expresses Faith In Human Virtues To Keep America Land Opportunity

ABILENE, Kan., (AP)—General Dwight D. Eisenhower, standing today within sight of his boyhood home, recalled his early life there and expressed his faith in "the simple American virtues that will keep this a land of opportunity."

It was his first public statement as he came back to his old hometown to open his campaign for a presidential nomination.

He made it while laying the cornerstone of a museum to house his war trophies. It is dedicated to the servicemen of the United States.

"In my worst moments," Eisenhower said, "when I am feeling most distressed by the problems that confront us, I need only to look into the faces of young Americans, and I know they can do it—better than we of our generation ever could."

En route here, Eisenhower told reporters accompanying him on a special train that he'll not be satisfied with any "moral victory" in the contest for the Republican nomination.

"When you go to war," he said, "it's win or lose."

Congress and Industry Seek Steel Strike End

Steelmaking Cut by 90 Percent Now As 650,000 Are Off Jobs; Senate Has Act to Allow Truman Seizure

PITTSBURGH (AP)—Twinned moves by industry and Congress today were aimed at ending quickly the strike of 650,000 CIO United Steelworkers that has cut the nation's steelmaking by 90 percent.

As the crippling walkout stretched into the third day, officials of the six biggest steel firms scheduled a secret huddle in New York.

Its aim: to invite Steelworker Chief Philip Murray to resume bargaining talks within 48 hours. Murray, president of both the CIO and the steelworkers, had no comment.

Meantime in Washington Chairman Maybank (D-SC) of the Senate Banking Committee readied an amendment to the Defense Production Act. This proposal reportedly might give the President emergency powers to seize the defense-vital industry.

Maybank's says he wants to end the strike "to protect the boys in Korea."

Murray and the industry cut off formal negotiations when the federal government took over the billion-dollar steel properties.

Murray wants to bargain. He said he is in the same breath as he ordered his union to hit the bricks Monday minutes after the U. S. Supreme Court called federal seizure illegal under the Constitution.

But though both sides indicated willingness to sit down and talk contract—to replace the labor pact that expired Dec. 31—there still appeared little prospect that a negotiated peace would be reached soon.

WASHINGTON (AP)—Sen. Maybank (D-SC) today proposed a bill that would forbid for 120 days strikes endangering the national defense.

During that cooling off period, an emergency board would investigate the issues and make recommendations for settling the dispute.

Maybank, who is chairman of the Senate Banking Committee, offered the proposal as an amendment to the Defense Production Act, the measure that permits controls on wages, prices, rents and material allotments.

The controls bill is due to expire June 30 unless extended by Congress.

Idled Workers Now Up to 750,000

PITTSBURGH (AP)—The number of workers idled in the nation-wide steel strike climbed to near 750,000 today with the White House summoning both industry and union leaders to a capitol conference tomorrow.

In addition to 650,000 members of the CIO United Steelworkers who refuse to work without a contract, also idle — or under layoff orders — are 26,000 coal miners and more than 35,000 railroaders.

River towboat crews and other workers in allied industries swell the total idle to near 71,000, in shorter supply and Fowler predicted a month-long strike would force "some major manufacturing with the steelworkers."

Train Stops Behind Home In Abilene

Rain Threatens Big Occasion For Candidate

ABILENE, Kan. (AP)—Gen. Eisenhower arrived by special train today for a 2-day round of ceremonies welcoming him back to his boyhood home.

A heavy overcast, and occasional light sprinkles, threatened a typical Kansas rainstorm.

The train stopped directly behind the old Eisenhower home.

In an open field adjoining the backyard of the house, ground has been broken for an Eisenhower museum. The general was scheduled to lay the cornerstone of the building, using a silver trowel, in the first part of the homecoming program.

Backers Ride With Him

Leaders of the movement to nominate the general as the Republican candidate for president accompanied him on the special train from Kansas City.

Thousands of people gathered beside the railroad tracks, which run in back of his former home.

Some were former neighbors, some were the merely curious, and some were well-wishers who came to Abilene from a wide area of the Midwestern states.

Very few were unaware of the political implications of the occasion.

Officially, it was a welcome home tendered by a small town to a famous son.

New Chapter In His Life

Actually, the ceremonies dramatized a new chapter in Eisenhower's life, his departure from the Army and his duties as supreme commander of the North Atlantic Treaty Organization, and his entry, on a personal basis, into the political arena.

As such, they may constitute a critical point in the effort to make him the Republican standard bearer next month.

His backers are hoping that a 30-minute speech today and a big news conference tomorrow will put powerful impetus behind the drive. They will be reported by newspaper, radio and television, reaching millions of people.

The two-day celebration began almost in the shadow of the Eisenhower family home.

See Ike Home Picture Page 9

It is a white, two-story frame house, half hidden from the unpaved street by towering shade trees.

In the field nearby, ground is being broken for an Eisenhower museum. It will house the souvenirs and trophies that came to him from World War II.

Eisenhower and four of his brothers were to lay the cornerstone for the foundations of the building.

A parade with more than 30 floats depicting phases of his life was next on the program. The last float places him in the White House — a hope, not a fact.

Will Speak Frankly

From there, the plan called for a speech at Eisenhower Park, on the opposite outskirts of town. No certain information was available about the text of his speech, but one of his Washington lieutenants said "he will speak out, frankly, on the things people want to know about his position."

In between the formal events today and tomorrow, Eisenhower planned to hold conferences with the governors of four Midwestern states, more than 100 Republican delegates and their alternates, and some "on-the-fence" Republicans whom his organization said were coming to Abilene.

The town was jammed, packed and bursting at the seams with visitors.

Patrolmen Learn to Give Driver License Exams at Fairgrounds

Instruction in how to give the Missouri State driver's license test, which will be required of all residents of Missouri who are applying for new driver's licenses, whether they are just getting them or have lost old licenses, is being given to 35 state highway patrolmen at the state fair grounds this week and part of next.

The instruction, which began Monday, will continue through June 13 and at the end of this period these state patrolmen will be designated as qualified to examine applicants for new licenses all over the state with the exception of St. Louis and Kansas City, which will have special examiners supplied by those cities. Four men from St. Louis and two from Kansas City are also attending the school.

There are nine lieutenants and nine safety officers at the school, one each from the nine patrol districts over the state who are acquainting themselves with the methods of administering the tests so they may assist the officer in their district who is assigned to this job.

Some of the subjects which will be covered will be: the motor vehicle law, the driver's license law, the procedure and technique of preparing forms, giving written examinations and testing vision.

Most of the time will be spent in discussing the technique of giving the examinations so that there will be a uniform test over the state. The group will also discuss the policies in respect to the limitations placed on those persons with various physical handicaps.

Lt. K. K. Johnson, who is heading the school, stated that he thinks "we are working toward a program which is designed to improve knowledge pertaining to automobiles and to improve techniques in ability to drive."

At the sessions Tuesday Lt. H. O. Brown of the Iowa State Patrol, who is chief examiner for the state of Iowa, discussed the history and necessity of driver's examinations and what the troopers could hope to accomplish. He will be here several days counselling the patrolmen with such other advisors as: O. B. Curtis, head of the vehicle division of the state; Kenneth F. Neu, regional representative of the American Association of Motor Vehicle Administrators, which covers a 12 state district; and Lt. C. W. Keith, of the Florida State Patrol, who serves as chief examiner of Florida.

On June 4 Dr. W. R. Henry, Warrensburg optometrist, who is the immediate past president of the Missouri Optometry Association, will talk to the group on techniques of testing vision. In connection with these tests, Lt. Johnson said that some people who have faulty vision may not be entirely restricted from driving, but may be limited to daytime driving only or driving with special applications on their vehicle.

The law which requires state driver's examinations placed the problem of tests in the hands of the state director of revenue G. Herbert Bates, who placed it in the hands of O. B. Curtis, supervisor of the motor vehicle department which comes under the revenue bureau. The law authorizes Mr. Bates to designate the examiners. He in turn designated the state patrol to give the examinations throughout the state with the exception of Kansas City and St. Louis.

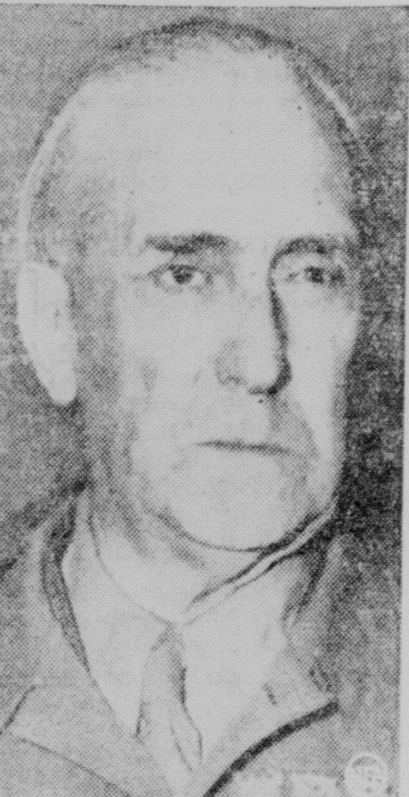

As a result, Col. David E. Harrison, head of the Missouri State Patrol, authorized and directed that the patrolmen who would give the test be instructed in the best way as how to do this job best.

At present the patrolmen are living at the fair grounds where they have their own cooks and sleeping facilities.

The sessions of schooling are running from 8 a.m. until 5 p.m. with some evening sessions.

After the schooling is completed a school for 40 applicants will open on June 16 for a six week period.

Ana Pauker Faces Purge In Romania

VIENNA, Austria (AP)—Romanian Foreign Minister Ana Pauker, one-time tough darling of international Communism, seemed destined today for a Red purge. Her hometown Radio Bucharest accused her of being pro-capitalist and counter-revolutionary.

Western sources expressed belief that hefty, hard-visaged Mrs. Pauker and two former ministers who also were attacked in the broadcast were being made scapegoats for Red Romania's current economic woes.

The 59-year-old daughter of a Rabbi last week was kicked out of the Romanian Communist party's politburo. For the moment, at least, she still holds the foreign ministry.

The bucharest broadcast accused Mrs. Pauker and two partners in disgrace—former Finance Minister Vasile Luca and former Interior Minister Teohari Georgescu—of reducing the country to a state of anarchy.

It declared that Mrs. Pauker's removal from the politburo was in the interest of the working man.

The broadcast gave credit for uncovering Mrs. Pauker's alleged sins to Georgehe Gheorghiu-Dej, who was named new premier of Romania Monday night. Rumors have persisted that Ana and Gheorghiu-Dej were battling each other for control of the Red regime in Romania.

The broadcast quoted at length from an article in today's issue of Scanteia, the central organ of the Romanian Workers (Communist) party. The paper made these charges:

Mrs. Pauker and the two ex-ministers "have proven their anti-Marxist tendency by supporting the capitalist system. They prevented the regular provision of people with food and supported the enriching of the individual household. They lowered the standard of

Picture of a Pair who just waked up

HERE in the driveway is a Buick. It has just arrived. It belongs to this proud young couple. They've just "arrived" too.

They've arrived at a discovery—the discovery that owning a Buick instead of a "low-priced car" isn't so much a matter of money.

It's a matter of knowing the facts of life. Buick prices are closer to the prices of smaller, less powerful, less distinguished cars than most people think.

Why don't you check into this?

You'll find you could pay \$300 to \$400 more—and still not match the horsepower of this nimble beauty.

You could pay hundreds of dollars more—and still not get any more interior room, or richer fabrics.

But that's only part of the story.

The big thing about any car is the way it goes. So you ought to find out how this car rides the road—the freedom from bobble and sway that cost a million real dollars to develop.

You ought to sample the way Dynaflo Drive®

feeds the power—with a steady swoop and unbroken smoothness in city traffic, on hills, or out on the open road.

And you ought to know how it feels to touch off that Fireball 8 Engine. With all its might, this high-compression valve-in-head gets a lot of miles from a gallon of gas.

We'll tell you this—because a lot of folks have told us this: No matter what car you're driving now—no matter what cars you've looked at—they'll never seem the same after you try this one.

Just give us a chance to prove it—and you'll have a lot of fun.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.

Miss Field and George McReynolds Exchange Marriage Vows At Church

Miss Christine N. Mae Field, daughter of Mrs. M. Field, 913 South Vermont, and George McReynolds, son of Mrs. Beryl McReynolds, 209 South Quincy, exchanged marriage vows Friday, May 23, at the First Baptist Church. The pastor, the Rev. Thomas W. Croxton, read the double ring ceremony.

For her wedding the bride wore a street length dress of white nylon and lace over a satin slip. Her accessories were of white and she carried a colonial style bouquet of red rosebuds tied with white satin ribbon.

Mrs. Peggy Davis, the bride's only attendant, wore a lavender nylon dress over a lavender satin slip and her accessories were of white. Her colonial style bouquet was of white carnations tied with white satin ribbon.

Bob Rudder served Mr. Reynolds as best man.

Mr. and Mrs. McReynolds both attended Smith-Cotton High School. Mr. McReynolds was in service three years in the United States Navy and recently received his discharge. He is now employed by the Holland Furnace Company.

The couple is now at home at 913 South Vermont.

A small reception was given at the home of Mrs. Davis following the ceremony. The table covered with a lace cloth and centered with a three tiered wedding cake. Guests numbered 25.

The next meeting will be June 17 at the home of Mrs. Burford Jenkins.

Nominate Harry for Post As Czar of Men's Wear

ROCHESTER, N. Y. (AP) — Ex-haberdasher Harry Truman today was nominated for a new job in his old business.

Ben Projan proposed that when the President leaves the White House he be made "czar" of the men's wear industry. The job would involve arbitrating disputes in the industry and "selling proper dress for the proper occasion."

Truman is qualified, Projan said, both by his business experience and because he is the nation's leading style setter in men's clothes.

How We Can Store Cut Roses

By Mrs. P. L. Strole
618 South Barrett
Member of Sedalia Rose Society

How often you have wished you could keep a certain prize for the show which is to be held several days later?

Different times I have kept roses for a short time in the refrigerator by placing them in water in a milk bottle or other container and covering the bud with wax paper, fastened tightly with a rubber band around the stem.

Now we learn that refrigeration of cut roses has been made more practicable and reliable by scientists of Cornell University, New York.

Hedgepeths Honored On 50th Wedding Day

Mr. and Mrs. G. Thomas Hedgepeth were pleasantly surprised Sunday, June 1, when nearly 100 friends and relatives gathered at their farm near Avery, Mo., to help them celebrate their golden wedding anniversary. A basket dinner was served at noon.

Mrs. Hedgepeth is the former Emma Breshers, daughter of the late Stephen and Armandia Breshers. She was married to Mr. Hedgepeth June 1, 1902 at the home of the Rev. R. Reno, Avery.

They have lived the majority of their married life in Hickory and Benton Counties with the exception of a few years when they resided in Pettis County.

They are the parents of five children: Mrs. Emil Keck, Independence; Glenn, Houstonia; twin sons, Floyd of Independence and Lloyd of the home. One child, Mable, died in infancy. They have 12 grandchildren and one great grandchild.

Mrs. Harry Runge Hostess to Her Club

Mrs. Harry Runge was hostess to members and guests of the Bothwell Homemakers Club which met at her home May 28.

Roll call was answered with "Where I would spend \$10 if I found it."

Talks on "Busy Day Meals" was given by Mrs. O. E. Richards and Mrs. Richey.

The next meeting will be July 2 at the home of Mrs. A. C. Henderson Jr.

York. Their studies indicate practices quite different than ordinarily followed.

Step 1. Cut roses, preferably in the afternoon of bright sunshiny days to insure the presence of large quantities of sugar and of longest life. Immediately place in a storage container. Don't put in water before or during storage.

Step 2. Seal container.

Step 3. Place in refrigerator as soon as possible at a temperature of 31 to 36 degrees F. This will give dependable results. Roses normally keep life for four to five days when freshly cut. They have been stored at 31 F for 15 to 18 days and have kept four to five days after removal from storage. The keeping qualities were as good after storage as fresh cut roses.

The blooms should be cut when one-fourth open or when the first one or two petals have started to unfurl. Cut the stem according to the size of the bloom and include three or more sets of leaves. The leaves must be perfect with no insect or other mark. The spray residue should be washed off the leaves with a damp cloth.

The morning or day to be shown, the roses should remain in refrigeration until the last minute. A container of water should be ready for transportation. When the buds are removed from storage the ends of stems will be corked over. Cut one-fourth inch from bottom to remove this. Stem ends should remain in water while transporting.

Preparing roses for exhibition consists of three parts: good knowledge, good grooming and a knowledge of classification of a good specimen. Yes, and a good sport, too. Often our greatest pleasure is realized with complementing a competitor.

The American Rose Society is composed of people who are interested in growing roses, making arrangements of their blooms or just learning about rose history and romance.

At the annual rose show to be held Friday, June 6, at the Elks Club House, everyone is invited to compete for prizes and share their experiences with others who are as enthusiastic about roses as we are.

Strong Notes Exchanged Over POWs

MUNSAN, Korea (P) — United Nations and Communist truce negotiators today exchanged strongly worded notes on prisoners of war. The Reds backed theirs with a renewed threat that Red armies in Korea might march.

North Korean Gov. Nam Il laid out the Panmunjon conference table a written protest against what the Reds termed "barbarous and cowardly" treatment of captured Reds on Kije Island. He reminded the Allies of earlier warm notes that Red armies would not sit idle while Communist soldiers are "massacred."

Maj. Gen. William K. Harrison Jr. demanded that the Reds "without further delay" account for nearly 1,000 United Nations soldiers believed captured by the Reds but never listed by them. The senior U.N. Command delegate's note listed 91 names, mostly Americans, to add to 895 names compiled by the U.N. since December.

The names will not be made public, Allied officer said, to avoid raising false hopes among relatives.

The 34-minute session produced no progress toward settlement of the truce-blocking issue of what to do about 100,000 captured Reds which Allied screening showed refused to be repatriated in the event of an armistice. Only 70,000 Allied held POWs have said they would return to Red soil without a fight.

The Communists demand that all their captured soldiers be returned. The Allies say no one will be forced to return.

At Communist insistence, another session is scheduled tomorrow at 11 a.m. (9 p.m. Wednesday EST).

Nam discarded the mild tones he had used in the three previous sessions and delivered "a particularly vicious and emotional type of Communist propaganda barrage," the U.N. communique said.

The Communist general repeated his charges of Allied mistreatment of captured Reds and accused Gen. Mark Clark, U.N. Far East commander, of saying the U.N. would "Continue to slaughter our captured personnel with the maximum amount of force and the least amount of blood to be spilled as far as the U.N. forces are concerned."

Clark, on a visit to Kije Monday, said the U.N. would not tolerate nonsense from the POWs and force would be used if necessary to enforce orders.

Flood Waters Spread Over California Land

SAN FRANCISCO (P) — Flood waters spread over more than 77,000 acres of rich farmlands in California's Central Valley today as summer-like weather melted a record snow pack in the High Sierra.

Thirty persons were evacuated yesterday from flood-threatened homes in the Stockton area.

Much of the land was planted in cotton and barley. Farmers working around the clock harvested most of their barley before the floods hit. But the cotton is a total loss.

Mrs. Ruth Lovett Brown

Mrs. Fay Perrin, rural route 4, received a message telling her of the death, Tuesday at Ottumwa, Ia., of Mrs. Ruth Lovett Brown, a former well known resident of the Sedalia community.

Mrs. Brown is survived by her husband, Ira Brown, and three children, Mrs. George Windsor, Saudi Arabia; Lt. Comm. William Brown, on an aircraft carrier in Mediterranean waters; and Samuel Brown, Detroit, Mich., several grandchildren and a brother, John Lovett, St. Joseph, Mo.

Mrs. Clara E. Smith

Mrs. Clara E. Smith, 76, died at her home, 1001 South Missouri, at 10:30 p.m. Tuesday. She had been in failing health for the past year, and critically ill for the last week.

Mrs. Smith was born near Peoria, Ill., Jan. 15, 1876, daughter of the late Samuel and Nancy Dillon Cochran. She came to Missouri with her parents when she was a small child and the family located in Benton County near Warsaw.

She was married near Warsaw, Feb. 20, 1895 to Edward C. Smith. They lived in Benton County until 1920 when they moved to the Green Ridge community. They moved to Sedalia in 1934. Mr. Smith died, Aug. 31, 1948.

Mrs. Smith was a member of the Calvary Baptist Church.

She is survived by four daughters, Mrs. Harry Carr, 650 East 14th, Mrs. Lela Elliott, 900 West 11th, Mrs. Forrest Merriott, 1716 South Warren, Mrs. Frank Gamber, 1502 South Ohio; one son, Glenn E. Smith, Kansas City; three sisters, Mrs. Cora Slinker, Miss Sallie Cochran, Sharon, Kan.; Mrs. Charles Brooks, Wichita, Kan.; ten grandchildren and one great grandson.

Funeral services will be held at the Ewing Funeral Home at 2 p.m. Thursday. The Rev. H. L. Alley, pastor of the Calvary Baptist Church, will officiate. Interment will be in the Clear Creek Cemetery.

The body is at the Ewing Funeral Home.

Mrs. Minnie Brotzman

Mrs. Minnie Brotzman, 51, of Portland, Ore., who came here for a visit with her sister, Mrs. W. H. Walton, 1316 East Fifth, died at 1:15 a. m. Wednesday at the Bothwell Hospital and her body was taken to the Newcomer's Chapel in Kansas City where funeral services will probably be held Thursday. Mrs. Walton left for Kansas City Wednesday morning to remain until after the services.

Charles Anderson Dixon

Charles Anderson Dixon, 71, former Sedalia and for many years before leaving here engaged in electrical work, died Tuesday at his home, 6001 Cherry, Kansas City, Mo. He had been ill for a period of two years.

Mr. Dixon was born in Sedalia, the son of Mr. and Mrs. W. O. B. Dixon. His father was for many years an accountant employed by the Sedalia Democrat.

He left Sedalia in 1917, going to Kansas City, and had operated a repair shop at the home there since 1934 when he retired as manager of the Brookside hardware store, 193 West 63rd.

Prior to 1930 he was an engineer for the O'Brien Hobard Insurance Company and the Missouri Inspection Bureau. He was a member of the Linwood Presbyterian Church in Kansas City.

Surviving are his wife, Mrs. Florence I. Dixon of the home, a brother, William S. Dixon, Dallas, an evangelist and singer, and nephew, William Rod Dixon, 3425 Madison, Kansas City.

Mrs. Bettie Hanrahan

Mrs. Bettie Jane Hanrahan, 79, died at her home in Cole Camp at 12:20 a. m. Wednesday after a lingering illness of five months.

She was born in Benton County on April 11, 1873, daughter of the late Walter and Sarah Frances Parks. She spent her entire life in Benton County.

She is survived by her husband, four daughters, Mrs. George Riffe, Cole Camp, Mrs. J. H. Young, 1705 South Montgomery, Mrs. Margie Gable, Rich Hill and Mrs. Albert Harns, Schell City; one son, Walter Rohning, Compton, Calif.; 21 grandchildren and seven great grandchildren.

Funeral services will be held at 2 p. m. Saturday at the First Methodist Church, Cole Camp.

Burial will be in Union Cemetery.

Friends of the family will serve as pallbearers.

The body will remain until the hour of services at the Eickhoff Funeral Home.

Williams, Rosenquist Home on Navy Leave

Sedallians Bob Rosenquist and Gene Williams, now serving in the United States Navy, have completed their boot training at San Diego, Calif., and are home on 14 day leave.

At San Diego, Rosenquist and Williams were in the same company.

Williams has been transferred to Bainbridge, Md., where he will attend yeoman school, and Rosenquist will return to San Diego for yeoman school.

How Long Can Parson's Fast Be Continued?

CHERRYVILLE, Mo. (P) — "How long can he go?" residents of this quiet little community of 36 asked themselves today as relatives began to converge on the home of the fasting Ozark preacher.

By his own count, the Rev. J. J. Ivie has been without food now for 45 days. His wife has reported for several days that he is steadily weakening and able to sit on the edge of his bed only for short intervals.

Neighbors continue to watch the case of the 57 year old Minister with interest although they are barred from the Ivie home. There is much speculation here on how long a man can go without food.

Mahatma Gandhi of India went on several famous fasts. In 1936 an Indian priest in Bombay claimed to have gone without food 259 days.

Another famous fast was that of Joseph D. McAllister of Chisman, Ill. He died in July, 1949. His friends said he had been without food 194 days.

Like Ivie, they drank water during the fasts.

W. Croston, pastor of the First Baptist Church.

Pallbearers will be J. M. Carpenter, A. A. Wherley, J. O. Durham, Rolla Sole, Archie Smith and Gene Herrick.

Interment will be in the Memorial Park Cemetery.

The body is at the Ewing Funeral Home.

Cooks Plan a Menu

The Striped Colleg 4-H Club cooking class met at the home of Mrs. Lester Patrick and planned the menu for the Father's Day banquet which will be held June 11. Twelve members were present.

Because ordinary waxed paper is not moisture and vapor proof, it is not recommended as wrapping material for food freezing.

Do Your Legs Itch?

A Lack of Natural Skin Oils Often the Cause

Dry skin, a lack of natural skin oils, often causes irritating, persistent itching of legs and ankles. Relieve dry skin itch with Resinol, the medicated, oil-rich ointment that lubricates parched skin surface, acts in place of Nature's own missing oils. Resinol quickly agonizing itching almost immediately. Comfort lasts for hours as Resinol helps Nature heal irritated parts.

Resinol Ointment is wonderful for irritation of cold sores, minor burns, also dry eczema, winter itch, chapping, chafing, rectal itch. For babies, Resinol gives gentle relief from discomfort of diaper and minor skin rashes, chafing, prickly heat. For best results also use lightly-medicated Resinol Soap, the refreshing gentle-cleanser cleanser.

Commie Efforts Fail to Paralyze Paris With a Strike

PARIS (AP)—Communist efforts to paralyze Paris with a 24-hour sit-down strike appeared to fail flat-

again today. Work was normal in most factories and the metropolis showed almost no sign of obedience to the Red strike call. Steel-helmeted police, many armed with tear gas bombs and gas masks, blanketed the city, however, to prevent any violent Red demonstration against the West.

The communist-controlled General Confederation of Labor (CGT) ordered the strike in the capital as a protest against the arrests last week of France's top Red Party Secretary General Jacques Duclos, and Andre Stil, editor of the party paper l'Humanite. But like the abortive general walkout the CGT called for all

THE SEDALIA DEMOCRAT—Sedalia, Mo., Wed., June 4, 1952 5

France after the arrests, today's demonstration appeared to have fizzled.

A communique from the Public Works Ministry, issued at 9:30 a.m., listed only scattered incidents of delays in transportation or other public projects. All were outside Paris. The chief stoppage was a strike by tugboat crews at Marseilles, delaying movement of ships in the harbor.

Paris, buses, subways and suburban trains ran on schedule.

Odds and Ends
By News Staff

All ready to go to a banquet recently a woman decided she should put on some earrings. She went into her bedroom without turning on the light, opened her jewel box and, knowing just where the rhinestone earrings she wanted to wear were, picked them up and put them on. It wasn't until she got home and started to take off the earrings that she discovered she had picked up one earring with red sets and one with rhinestone sets—and they were nothing at all alike. There she thought she was all dressed up, just right, never dreaming she had mixed her earrings—but what you don't know don't hurt you and she had a perfectly comfortable evening.—H.L.

Looking Backward

TWENTY-FIVE YEARS AGO

W. E. Hurlbut returned from Omaha, Neb., where he had been a delegate to the biennial meeting of the National Council of the Congregational Church.

Judge O. E. Parsons, following a visit in the eastern states, stopped in Sedalia on his way to Nevada to resume his duties at State Hospital No. 3.

One dozen monkeys of the chattering variety, Rhesus strain, have been ordered for the zoo at Liberty Park by the park board.

Allan O'Bannon, of the City Light & Traction Company, left for New York to join H. C. Feuers and Sterling A. Lipscombe to attend the NELA convention at Atlantic City.

FORTY YEARS AGO

Ben P. Goodwin, of St. Louis, visited with his father, Col. J. West Goodwin, at Maywood Hospital, returning to his home Monday.

Emil Bichsel, Ohio avenue jeweler, arranged to accompany the drill team of Fidelity Council 53, Knights and Ladies of Security, to Los Angeles, Calif., and to then make a trip to Alaska before returning home.

Dr. Carl Hoberrecht, connected with the staff of the St. Louis City Hospital physicians, returned there following a visit of a couple of weeks with relatives here.

Judge and Mrs. David Kinsey left for a visit of several weeks in Southeastern Kansas and Southwestern Missouri.

Huge Herd

The largest herd of buffalo in North America, descendants of shaggy monsters which once roamed the continent by the millions, now totals between 12,000 and 15,000 animals.

Heavy Damage

An average of 40,000 fires, causing an estimated \$50,000,000 damage, occur in stores and store buildings of the United States annually.

Lots of men spend their vacations catching fish—lots of girls spend theirs trying to catch the fisherman.

WITNESSES ATOM BLAST—At Camp Desert Rock, Nevada, shown tightening a tent rope, is Corp. Norbert Kaiser of Cole Camp. He was at the Atomic Energy Commission's Nevada Proving Grounds to witness the detonation of a nuclear device on 25 May 1952. He is a member of the 701st AIB.

Cole Camp Soldier Views Atomic Tests at Nevada Sits

CAMP DESERT ROCK, Nevada—Some 1,000 members of the 701st Armored Infantry Battalion Combat Team of the 1st Armored Division, Fort Hood, Tex., including Cpl. Norbert Kaiser, son of Mr. and Mrs. Walter Kaiser, Cole Camp, are presently at Camp Desert Rock to witness the current field tests of atomic warfare now being conducted by the United States Army.

The indoctrination training given the combat troops during their stay here marks the most extensive use of atomic weapons in military history.

The members of the 701st are given this indoctrination training to familiarize them with the possible uses and effects of nuclear devices, as well as teaching safety precautions to be observed in connection with exposure to atomic weapons.

The training in atomic warfare is for the purpose of insuring the Army of a pool of men who have witnessed or participated in a maneuver or exercise involving the use of a nuclear device.

Harmony Hustlers Meet

The Harmony Hustlers 4-H Club met recently at the home of Carol Sanders with 10 members and 13 guests present.

Final plans were made for 4-H Sunday and 4-H week and camp were discussed.

Refreshments were served during the social hour.

Loves Its Young
The shark is a true fish, but it seems more nearly related to mammals in some respects. It has more love for its young than is generally found among the fish tribe.

Earthquake Explanation
Here is the Malayan's explanation of an earthquake: "The earth is a sort of egg, resting on the horns of a bull; when the bull gets angry and shakes its head, an earthquake results."

Named for Seaweed
The Cape Verde islands received their name from the green seaweed which drifts into their numerous bays, not from the vegetation of the islands, which is very sparse.

NOW! TRIPLE COMBINATION for relief of... ARTHRITIC PAIN
This is the first announcement for a but that has never been the PRUVO policy.
Triple combination — there has never before been anything like it—nothing that could possibly hope to give such relief and comfort to those who suffer—nothing that could offer such promise for a more nearly normal, pain-free enjoyment of life by day—more restful, health-building sleep at night.
Triple combination includes:
1. America's No. 1 anti-arthritis medication—plus
2. Salicylamide—an amide with 5 times the analgesic (pain relief) potency of aspirin—plus
3. Vitamin C—the vitamin essential for bone tissue production.
What a change from the old therapy you have been limited to. Salicylamide with five times the pain relieving action of aspirin is non-nauseating, non-habit forming, does not affect the heart or other organs.
Vitamin C is the health promoting vitamin that is found in delicious, refreshing citrus fruits. There with the No. 1 anti-arthritis medication in Triple Combination are for the fastest, longest lasting relief you ever have known.
The new Triple Combination was developed for you by the makers of famous PRUVO, recognized as a leader in
the arthritic field and is your drugstore now. No prescription needed. Just ask for new PRUVO and you get the wonderful new Triple Combination.
We might be justified in making extravagant statements about this new Triple Combination formula PRUVO—
Instead, we simply want you to appreciate this fact. Only in new PRUVO can you get the new 3-way Triple Combination — anti-arthritis for fastest, longest lasting, lowest cost pain relief. Yes, actually lowest cost. The new improved Triple Combination PRUVO sells at the old low price of \$1.50. Savings come from the fact that you may use fewer new PRUVO tablets for greater, longer lasting pain relief. New PRUVO comes to you fully guaranteed. You buy and try the \$1.50 bottle. PRUVO must give you the fastest relief from pain—the longest lasting relief or your money back from the makers. Use half the trial size bottle—75 tablets—then decide.
Today get genuine new Triple Combination PRUVO from your drugstore. Be sure it's PRUVO—the only Triple Combination. Start to live a more pain-free life. Start to enjoy more restful sleep. Work and play greater comfort. New PRUVO should prove to be a new opportunity for you to live a more nearly normal life. Start with the economy trial size—only \$1.50. For further use PRUVO is packed in the home size \$4.00 and hospital size \$7.50—all Triple Combination tablets. Be sure you get genuine PRUVO for fastest, longest lasting relief.

SCREW WORM CONTROL
The screw worm problem is of such serious nature that research is constantly in progress to develop the most effective products possible for control.
Animals infested with screw worms lose weight rapidly and get into a run down condition and quite often if not treated, die. Sinear No. 62 is one of the older preparations that is widely used and is very effective...it kills and prevents infestation. EQ 335 is a new product which was also developed by the Department of Agriculture after extensive experimentation in Texas. EQ 335 kills and prevents, it contains Lindane and leaves a softer covering over the wound and promotes faster healing. This product is non-staining and clean to use.
The newest addition to the group of screw worm killers is a screw worm bomb which promises to be a huge success because of the simplicity of use...all you do is press down on a valve button and spray the solution into the wound. It kills screw worms, and promotes healing and prevents reinfestation for at least a week.

Lavish Life For Soviets' Top Advisors

VIENNA (AP)—Lavish villas, servants who once were members of the old aristocracy, big cars and royal meals—this is how Russia's military and civilian "advisers" reportedly live in East Europe.

In each country behind the Iron Curtain, Russian military men are present, in hundreds to thousands. With them are other hundreds of economic, political and technical experts, rarely seen in public, who guide the Communist puppet government.

It is part of their job to report to Moscow. Thus, the Communist bosses of Poland, Czechoslovakia, Hungary, Romania, Bulgaria and Albania go all out to make them happy and see their reports home are favorable.

This means plenty of luxury for the Russians. If any explaining is needed to the workers, the Communists say: "The Russians liberated our land from the Nazis. The flower of their manhood died for us. They are entitled to some privileges for their sacrifices for our people."

The privileges are extensive. The Russians live either in homes of the dispossessed rich, or in newly built luxury settlements where they can be off by themselves away from the local folk.

Reliable reports from behind the Iron Curtain say the Russians are treated like diplomats. The Soviet Union's real diplomatic representatives are treated like kings.

In Budapest, for instance, Russia's ambassador, J.D. Kisselov, lives in a magnificent block-long home. He has many servants and the finest, rarest foods are served to visitors.

Not far away on a hill, Kisselov has another luxurious mansion with fine swimming pool and gardens. It is rarely used.

In recent weeks, two refugees arrived in the West from Bulgaria and Albania. The Bulgarians, a soldier, said each Bulgarian regiment has two Soviet officers with the rank of colonel who wear Russian uniforms.

They enjoy privileged positions, the refugee said. "Their salaries are about four times higher than comparable Bulgarian officers and they and their families receive special food and clothing rations and better housing."

The Bulgarian said the majority of his soldier-colleagues resented it.

Western diplomats here say they know that Russian officers and civilians look with great joy on the possibility of a few months of luxury, leisure and comparative independence on assignment in Eastern Europe.

Man Shoots Wife Fatally In Courtroom

MIAMI BEACH, Fla. (AP)—A former New York taxi driver was held for investigation of murder today in the courtroom slaying of his 36-year-old divorced wife.

A few minutes after he had been placed under a peace bond yesterday, David Brecher shot his former wife in the head at close range, then fired three more bullets into her crumpled body.

"I thought he was firing blanks to make a show," said Justice of the Peace Kenneth Oka. "I ducked under the desk until the shooting was over."

Oka had just ordered the 44-year-old man, now a laundry truck driver, not to molest his former wife Ann and their infant daughter.

After the shooting Brecher handed the revolver to Oka and said: "Here, I'm surrendering myself." Brecher told police he had tried to effect a reconciliation.

"But it had to be her way," he said. "If I'd say black was black, she'd say black was white. She wouldn't settle for gray."

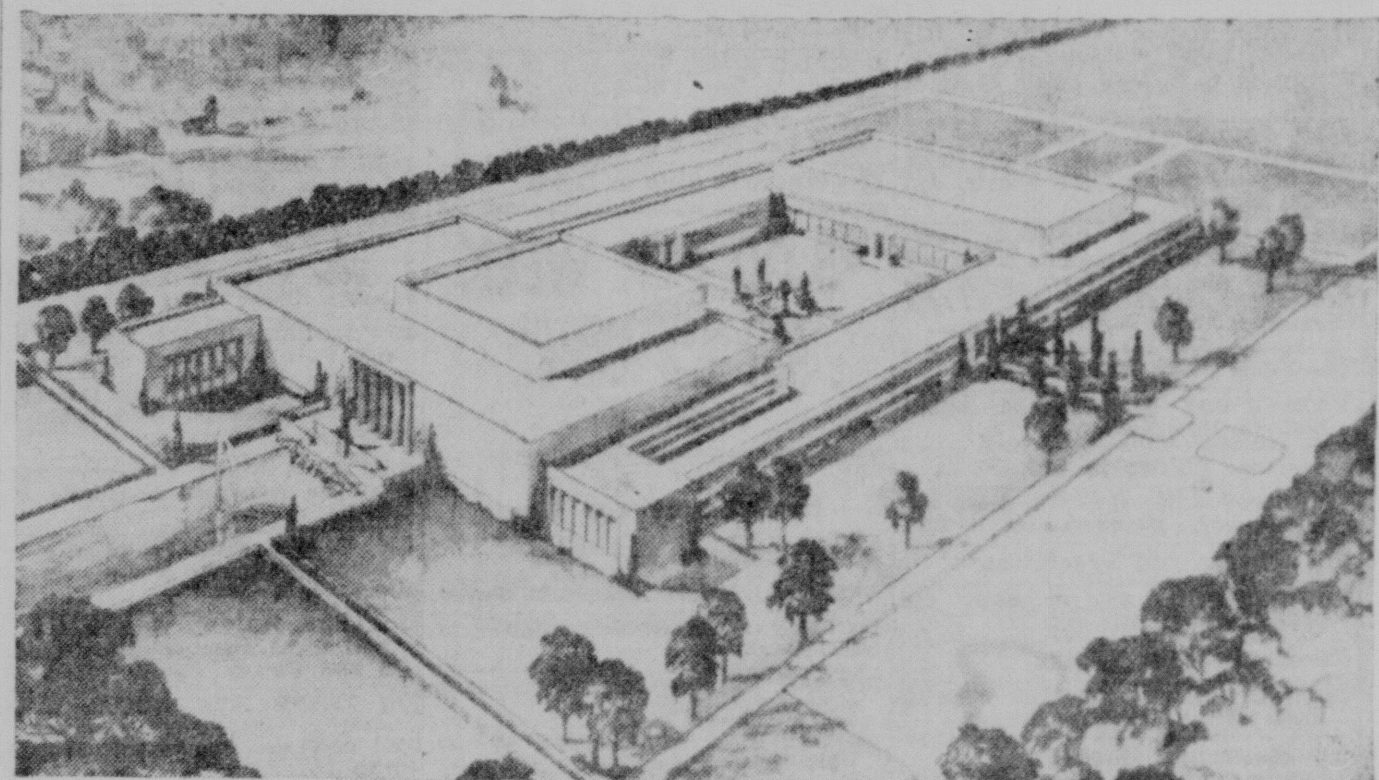

Confiscate Firearms

MEXICO CITY (AP)—President Miguel Aleman today ordered a nationwide "depistalization"—confiscation of all illegal firearms and a review of all gun permits—to forestall violence in the July 6 national elections.

18 Maryland Demo Votes To Kefauver

BALTIMORE (AP)—Sen. Estes Kefauver (D-Tenn.) today officially has Maryland's 18 presidential nominating votes on his score board. And he'll have them at least for one rollcall at Chicago next month.

Kefauver officially picked up the votes at yesterday's Maryland Democratic state convention which also saw Mayor Thomas D'Alesandro elected national committeeman in a party tussle.

In Maryland's May 5 primary, Kefauver was the only presidential candidate entered and he won by about a 3-1 margin over a so-called "uninstructed delegation." So he gets Maryland's 18 votes.

The convention didn't bother with formality in turning over the votes to him. Convention Chairman E. Brooke Lee said the state legal department had ruled that Kefauver's primary victory automatically gave him convention endorsement.

Maryland delegates won't have to stick with Kefauver throughout the national convention. The primary holds them to Kefauver only so long as in their "conscientious judgment" he has a chance to be nominated.

D'Alesandro was elected committeeman in a party squabble to replace George P. Mahoney, who officially became the Democratic nominee for senator.

Mahoney in November goes against Rep. J. Glenn Beall (R-MD) for the seat now held by Sen. Herbert R. O'Connor, a Democrat.

Camels with one hump are believed to have been one of the first animals to be domesticated.

It is not the method of coloring the yarns that makes this type of fabric respond unsatisfactorily in wear and cleaning. It is the method of sizing (stiffening) the yarns in the weaving operation. Some of the problems that occur are:

- Spilling water or a beverage may result in the formation of a stain on many fabrics in this class. Any attempt to remove the spot or stain may result in the loss of sizing in the area, or the area may become darker in color and stiff.
- An investigation of some of these fabrics showed that progressive shrinkage may occur in dry-cleaning. The degree of shrinkage is related to the fabric construction.
- Wet-cleaning results in an objectionable loss of hand due to removal of the sizing. Excessive and progressive shrinkage may also occur in wet-cleaning.

Protest South Korean Acts

PUSAN, Korea (P)—Britain today joined the United States in protesting to President Syngman Rhee over recent political developments in this temporary South Korean capital.

Alice Adams, charge d'affaires, orally outlined the British position to Rhee, then handed the aging leader a written statement. He told correspondents the statement backed up the policies of the U.S. state department given Rhee in a note yesterday.

The American Embassy also handed Rhee a note from President Truman which called recent political developments in Pusan shocking.

Informed sources said the British and U.S. notes expressed the same views on the South Korean political crisis as the United Nations Commission for the Unification and Rehabilitation of Korea. The commission recently asked Rhee to lift martial law in Pusan and release 12 opposition assemblymen under arrest.

The U.N. representatives voiced the opinion Rhee was attempting to control the presidential election in the Assembly late this month by jailing his opponents.

Rhee softened his policy today, apparently as a result of the double-barreled protests from the U.S. and Britain.

A government public information office announcement said Rhee would not dissolve the National Assembly now. Earlier he was reported on the verge of disbanding it.

Martial law authorities were ordered not to arrest any more assemblymen not directly involved in what Rhee has called a "Communist plot" against his administration.

Mr. Truman's note to Rhee was not made public. But a government source said it asked Rhee to take no "irrevocable action" until U.S. Ambassador John J. Muccio could return here from a shortened vacation with additional views of Mr. Truman.

The informant said the action referred to apparently meant dissolution of the Assembly.

The Assembly went out of business yesterday when 52 pro-Rhee members announced they no longer would work with lawmakers they labelled "corrupt."

Rhee and a majority of the assemblymen have long been at odds.

Take Them Off

Leather soles on shoes cannot ventilate feet properly if hampered by impermeable foot coverings, such as rubbers and galoshes, which should be removed when indoors.

HE'S LIABLE TO CROAK—A. G. Skoglund, of St. Paul, Minn., won himself an honor award for this imaginative photo of a frog on crutches. It was his entry in the non-professional class of the 1953 Graflex Photo Contest in New York. He carved the tiny crutches and made more than 20 exposures to get the striking picture.

Senate Passes Agencies' Fund Bill, Road Bill

WASHINGTON (P)—The Senate worked 12 hours yesterday to pass two appropriation bills.

The long session ended last night with approval of a measure providing more than six billion dollars to operate about 30 federal agencies.

Earlier the Senate passed a bill authorizing the government to spend more than \$1,300,000,000 in federal aid to states for modernizing and maintaining the highways during a two year period starting July 1, 1953.

The Senate now has approved four of 10 regular appropriation bills presented to it. Democratic Leader McFarland of Arizona is

Hal Boyle's Column—

Henny Youngman, a Comic Other Comics Think Is Funny

NEW YORK (P)—Henny Youngman is known along Broadway as a man so funny even other comedians laugh at him.

This is rare, indeed, as most comedians regard each other in terms of larceny rather than laughter.

But this "comic's comic" is different from most of the breed, who are given to private melancholy. He not only has spent his life making fun. Fun is his life.

Henny, now 46, is one of the nation's top night club entertainers. Some connoisseurs of the industry say he is the equal of Groucho Marx, Fred Allen, Bob Hope or Milton Berle. He often is a guest star on other shows but has never had a national television show of his own.

"After 20 years of knocking around the country, I'd like to have my own show," he said. "If I don't I guess the only way I'll get rich is through my feet."

He explained he had "radio active toes." And his theory of gaining wealth through them is "to walk barefoot through Canada until I hit a uranium mine."

Comedians stuck for a sure-fire fast line or a quip often come to Youngman for help. And he always has one handy—or makes up one on the spot. He is a walking file case on thousands of jokes, old, to be born.

"I need a lot," he said. "For a

6-minute show I have to have 40 good jokes."

The curse of Henny, whose habitat is Times Square and who looms around it like a polar bear in a brown coat, is that he gives away jokes as fast as he can think them up.

"Just a minute," he says, stopping a friend, and begins throwing a jest a second. All free.

Ad libbing is so natural with him he can't quit. Naturally he likes to get paid. But he has been known to waste \$10,000 worth of fresh material ad libbing while at liberty with a few cronies around a restaurant table.

"Anything to get a laugh and let people know you're alive," he said. One week he mailed out dollar bills with a note saying: "Hold on to this green piece of paper. It may be worth a dollar someday."

From Miami Beach he sent perfume bottles full of sand bearing the label: "This cost me \$30 a day to sit on. Thought you might like some."

To be a professional comic today, Henny says, you have "to have nerve and gall, a great memory, and ability to take stock jokes and give them a twist that makes them sound alive. You have to be

equipped to joke on any subject."

Just to test Henny's own stacca-

to wit, I asked him to make a joke

about wives. I should have known better. Without even a pause he began rattling:

"Now, you take my wife—and there's an offer."

"My wife cost me a fortune. She went into a department store, broke her leg — and what happened? They gift wrapped it."

"My wife talks so much that when I got back from Miami her tongue was sunburned. Now she's on a new tack. She colors her hair different every week. She's got a convertible top. She's also got the newest thing in hair-dos—a poodle cut. Makes her look like a new man."

"I just bought my wife a mink outfit—a rifle and a trap. Last week she learned to drive our car. This week she learned how to aim it. Is she careful? She's so careful, she only drives in safety zones. When she sticks her hand out the window, it proves only one thing—the window is open."
